Report a Problem

Landing on this page, we already know that you need a quick response. Let us help you solve your problem in the quickest possible way by carefully following each guideline below providing us with as much detail as possible.

Help us with the following:

1. A full detailed description of the maintenance item that needs to be repaired.
2. To fast-track your maintenance request and to appoint the correct contractor it is essential that you provide us with a minimum of 1 photo for every maintenance issue created. We are aware that in some cases a photo is not necessary but where possible please provide any photo that may assist us in assisting you.
3. You can report more than one maintenance issue on this link, by following the prompts.
4. Please note that on every call out the contractor will determine whether the responsibility lies with the owner or yourself, and should it be the latter you will be obliged to accept the quote and call-out fee, or source your own contractor. To save you time and frustration, please provide us with as much detailed information which will assure you that we will get the right maintenance contractor appointed.

 **Scan the QR code below** to access the portal directly from your mobile phone. **Keep this code for future reference** should you wish to log another issue or complaint at a later stage.

Kind Regards,

Maranda Fourie
